

## Processing of health personal data

Updated: 2021-02-04

During registration, you will be asked to enter your health-related data, which is essential for the NephroGo app to work (gender, date of birth, height, weight, number of years with chronic kidney disease, stage of chronic kidney disease, type of dialysis, type of diabetes, number of years with diabetes, information on diabetes complications).

You can also enter other health data of your choice (blood pressure, body weight, urine levels, swelling severity and location, well-being, appetite, shortness of breath, blood glucose concentration levels, foodstuffs you consume).

We process all such data **on the basis of your consent** for the sole purpose of enabling you to use the NephroGo app and we store it for **2 (two) years** from the date of your last login, or delete it **within 30 (thirty) days from the date of deletion of your account**.

You may withdraw your consent at any time by deleting your account details by submitting a written request to [info@nephrogo.com](mailto:info@nephrogo.com). Withdrawal of consent shall not affect the lawful processing of data carried out previously. Giedrė Žulpaitė and Karolis Vyčius are joint data controllers.

For more information, see our Privacy Policy.
